MESSAGES

Dr. B. Babu Manoharan M.A., M.B.A., Ph.D.

Chairman

It gives me immense pleasure to commend the staff and the students of the Department of Electronics and communication Engineering for this excellent package “NEXUS’22”. This magazine maps the merits and milestones accomplished by the college. I sincerely hope that the efforts put in by the students and the staff helps them in all their future endeavours.

Mrs. S. Jessie Priya M.Com.

Managing Director

This magazine is testament to the academic excellence of the college which in myriad ways is ingrained in our culture. It gives me great pleasure to see the exceptional potential of the students of the Department of Electronics and communication Engineering, in various extra-curricular activities as well as in academics. I congratulate the staff and the students on bringing out this wonderful magazine.

Mr. B. Shashi Sekar M.Sc.

Executive Director

I am very happy that our institution has shown a marvellous presentation of the activities through “NEXUS’22”. I congratulate the staff and students for their excellent effort. Today, as we march towards a technological world, we aspire to open new vistas in the field of education for our students and this magazine helps us in our efforts.

Dr. P. Ravichandran M.Tech., Ph.D.

Principal

I take this opportunity to laud the efforts of all those who were involved in the making of this magazine from the Department of Electronics and communication Engineering, St. Joseph’s Institute of Technology. I would also like to appreciate the relentless efforts of our teachers for giving their best in bringing out the best in each student helping them achieve their goals.

We invite you to explore our magazine NEXUS ‘22.

We are sure that this magazine will quench the technical thirst of the students. It also unveils the college’s accomplishments in the past one year. We express our gratitude to our **Chairman** Dr. B. Babu Manoharan, M.A., M.B.A., Ph.D., **Managing Director** Mrs. S. Jessie Priya., M.Com., **Executive Director** Mr. B. Shashi Sekar., M.Sc., **Principal** Dr.P.Ravichandran M.Tech., Ph.D., **HOD (Staff & Staff Affairs)** Dr.C. Gnana Kousalya M.E., Ph.D., **HOD (Lab Affairs)** Dr.G.Rohini M.E., Ph.D. and staffs for providing us a podium to express our innovation and encouraging us in completing this edition of NEXUS ‘22.

Vision

To come forth as an eminent department in the field of electronics and communication engineering, research for providing ethical resource persons to serve the industry and society with technical excellence.

Mission

The department strives

- To provide the best resources in teaching, learning and other educational activities which will train the student to attain his or her fullest potential in the field of Electronics and Communication Engineering.
- To inculcate technical knowledge, leadership qualities, teamwork and ethical practices in students so as to meet the expectations of the industry as well as the society.
- To organize exclusive courses, conferences, seminars on the current technological developments which will be an added benefit for bringing out the various talents in the students and faculties.
- To sustain connectivity with industries to get on par with the recent technologies and research.
- To foster career improvement through placements, higher education and entrepreneur skills by continuous training and guidance.

Staff Activities

The Department of Electronics and Communication Engineering has always served its work meticulously since recognized. The standard of education can be widened when the teaching representatives build the art of publishing articles and research papers.

Faculty Highlights

- **Dr. M. Senthilmurugan** has successfully completed his Ph.D. Degree from Sathyabama Institute of Science & Technology, Chennai in the faculty of Electronics Engineering.

Advisory Bureau For Higher Studies

The Advisory Bureau for Higher Studies (ABHS) is functioning as a separate entity to serve the student community for getting higher educational admission in India and abroad. The main objective of ABHS is to enable the students to prepare for the tests like GRE, TOEFL, GMAT, IELTS, GATE, CAT etc. ABHS is equipped with the latest Information, books and CD's related to the above mentioned qualifying tests. For the benefit of the Hostel students, coaching classes for GRE, TOEFL, GATE and CAT have been arranged in the campus. ABHS also organizes guest lectures and seminars to equip the students for pursuing higher studies in India and abroad. Various Workshops and seminars are handled by the resource persons from IDP, USIEF, Cambridge University, British Council and other higher studies agencies. In addition to this, the students are also exposed to first hand information from the Associate Director, Deans, Department heads and faculties from many educational institutes like the University of California, University of Pennsylvania Graduate school of Education, Clarkson University, Monash University, Latrobe University, Deakin University, University of Technology Sydney, Swinburne University, University of Sussex, Illinois Institute of Technology, Rochester Institute of Technology, SUNY and Southern Illinois University. The Academicians have visited our campus and also briefed the students about application procedures, scholarships, internship and campus recruitments in their respective universities. Our students have got admission into various top ranking universities in different countries like USA, Australia, UK, New Zealand, Canada, Germany, Sweden and Singapore. To name a few, University of Texas, NJIT, University of Massachusetts, North Carolina state University, Illinois Institute of technology, University of Pennsylvania, Leeds university, University of Birmingham, University of Queensland, University of Waterloo, Monash University, University of British Columbia, NUS, NTU, University of West Virginia, MRIT, University of MTU, McGill University etc.

The number of students who have got admission for higher studies during recent years is as follows:

Placement orientation program

The Centre for Training and Placement has conducted Aptitude crash course for first year students by SMART. Placement orientation program-II (POP II) was conducted for the final year students by SMART and trained them on soft skills, quantitative aptitude skills etc., to prepare them for placement recruitments. Also POP III, a company specific training programme was conducted by Six Phrase to crack Cognizant, Infosys, and Wipro test pattern.

The Centre for Training & Placement conducted Online aptitude assessment tests on every week for all the students through the skill rack portal.

Communication Skill Enhancement Program

Centre for Training and Placement of St Joseph's is largely responsible and committed towards the identification and catering to the need of training of students so that they are able to develop a good personality; and assist them to find right job and help them place in right companies before they pass out. We realize that in order to convert a raw student into employable graduate, several behavioural attributes need to be addressed in addition to the development of technical skills. Some of the behavioural attributes are good communication skills, developing positive attitude towards work, and understanding of moral and ethical values.

Every academic year, our college has taken an initiative to improve the communication skill of the students by organizing 48 hrs Communication skill enhancement program. The aim of this program is to empower our students to take up the future campus recruitment with confidence. All the first year students are evaluated for communication skill by the expert committee. Based on the evaluation students are categorized into three levels and students are given appropriate training. This communication enhancement program is conducted by corporate trainers from **Strides & Winspire**.

Student Activities

St. Joseph's acts as a platform for the students to bring out their hidden talents and cultivates experiential learning options outside the classroom. Student activities help, create and foster leadership and involvement opportunities that enhance personal escalation and development.

Curricular Activities

Curricular activities have a number of values like educational value, development of social spirit and worthy use of leisure time. Our students have succeeded reaching greater heights by winning awards and National and International Level Contest, publishing papers in various international journals and conferences. The following are glimpses of few honours achieved by our students.

Papers Published in Journals & Conference By Students

1. **H. Rohini and V. Selvachudar** published a Paper titled "Augmented Reality Based Driver Assistance System " in International Journal of Innovative Research in Computer and Communication Engineering (IJIRCCE), on May 2022.
2. **G.Gloriya Seelan and R Bharathi** published a paper titled "Virtual Aid for Visually Impaired using IoT " in International Conference of Emerging trends in science technology and applications (ICETSTA 2022), Sree Sakthi Engineering College, Coimbatore, on May 2022.
3. **V.Vinisha and K.Shruthi** published a Paper titled "Design and stimulation of Reliable Low Power CMOS Logic Gates " in International Journal of Innovative Research in Computer and Communication Engineering (IJIRCCE), on May 2022.
4. **Pushadapu Roopika and L.Priya** published a paper titled "Smart Renewable energy monitoring and switching devices for commercial places " in International Conference on Innovative Research in Power and energy Engineering 2.0 (IRPEE-2.0'22), Arasu Engineering College, Kubakkonam, on May 2022.
5. **H.Abirami and B.Prathiksha** published a paper titled "Driving Behaviour Monitoring for Intelligent Transportation" in 2nd National Conference on Recent Advancements in Science, Engineering & Technologies (RASET 2022), Bannari Institute of Technology, Coimbatore.
6. **M.Vargini Abiya and V.Yazhinidevi** published a paper titled " IOT based two way safely enabled Intelligent stove with age verification using machine learning" in International Journal of Scientific Research in Science, Engineering and Technology(IJSRSET), on May-June 2022.

Co-Curricular Activities

As the saying goes “Stand up to your obstacles and do something about them. You will find that they haven't half the strength you think they have”, our students have stood up, competed and won various prizes in symposiums conducted by various Universities and Engineering colleges.

Extra-curricular Activities

Leadership, Healthy Recreation, Self-Discipline and Self-Confidence is all about extra-curricular. Sport is one of the most important activity involving physical exertion and skill that builds the students substantial aspect well. Apart from curriculum, our department students also outclass in sports and brought laurels to the class in various sports events. To encourage students to seek innovation and challenges for the maximum utilization of resources entrepreneur development cell plays a key role.

Entrepreneurship Development Cell 2021-2022

An awareness program on Tamil Nadu Student Innovators Award (TNSI) in association with Entrepreneurship Development and Innovation Institute (EDII-GoTN), Centre for Entrepreneurship Development (CED), Anna University, Chennai was conducted on 10th December **2021**. Around 100 students from our college participated in the awareness program. Mr. K. Shree Jayaram, Field Coordinator, IEDP Hub, Anna University explained about the purpose of the innovators award with many live examples and benefits of the program. The speaker also motivated the students to participate in these types of programs to improve the entrepreneurial skill and innovation.

Idea Competition on Business Startups

An **online idea competition on Business Startups** was conducted on 30th September 2021 for our EDCell students to inculcate the skills of innovation and entrepreneurship. Nearly 12 batches with 30 students participated with budding innovative ideas.

A Webinar on 'Capitalism, problem Solving and art of Sales' was organized on 02.04.2022 at AV Hall-2 in our College. The Speaker **Mr.B.Kapilaehswar, Business Development Manager, AUGRAY Pvt., Ltd.**, and proud alumni of ECE, St.Joseph's Institute of Technology highlighted about the basics of capitalism, problem statement and sales needed for an entrepreneurship development. About **200** EDCell members were very much delighted about the session as it was very lively and informative.

Club Activities

Knowledge is to the mind, what food is to the soul. 'To strive, to seek, to find and not to yield'. Amidst the hustle and bustle of our daily college routine-classes, exams and assignments a feast to the mind can really rejuvenate weary students. That's the objective of club activities in our esteemed institution St.Joseph's institute of technology. Different clubs like maths club, English club, Quiz club and Tamil club were initiated and given life by our beloved **Chairman Dr.B.Babu Manoharan** in the year 2011.

MATHS CLUB

The aim of this club is to motivate and to nurture the interested students to excel in the field of Mathematics and its application. The club conducts various seminars and workshops to stimulate the awareness and interest in the field of Mathematics. It also opens opportunities for other colleges; JMC organizes a national level mathematical symposium MATHIESTA every year. The student coordinators of JMC conduct various events such as Mathematical Quiz, Dumb-C, Crossword, Adzap and Olympiad under the guidance of the staff members. The Mathematics club also conducts various competitions among the Mathematics club members and is performing dual role by inculcating arithmetic ability as well as logical thinking among the club members. The senior students share their experience in facing the different competitions conducted by various colleges and universities in India.

ENGLISH CLUB

The student appreciates the world of Literature in English, learns to read extensively and write accurately through the 'in and beyond' classroom experience. The student develops LSRW skills through interactive learning and gains hands on experience of the language through field work. The student develops literary appreciation, generates creative ideas, expands critical thinking and experiments classroom teaching through well-structured seminars and assignments. The student becomes socially conscious and globally competent with value-based integrated courses. The object of the club is to provide a participative, literary ambience for the students. Various activities such as quiz, creative Writing, Ad Zap, and Oratorical and cross word are conducted.

TAMIL CLUB

Every person has a special affinity to their mother tongue. It is the language that every child starts his or her life with. All our thoughts are best expressed in our mother tongue. In deference to this, our college has always stressed the importance of **TAMIL**. Club Activities with competitions are held every semester in our college. Programs like Quizzes, Debates, , “KavithaiPotti”, Oratorical, “Varthaikku – Vaarthai” are conducted. In Addition to this, a special “Patti Mandram” is conducted to commemorate Puratchi Thalaivar Dr. M.G.R's birthday. Highly qualified Tamil personalities are invited to judge this pattimandram. The students showcase their incredible and staggering talents in these events. Their fluency, inherent oratorical skills, vocabulary and the capacity for thinking outside the box continually amaze and electrify everyone around them.

ECO-SOC CLUB

The objective of this activity was to analyze and discuss the goals set by the U.N as part of the new sustainable development agenda, whose goals are specifically targeted to be achieved by various nations by 2030. The event started with a preliminary quiz on economics and social events in India and World across. The top 25 students were selected for the main event, namely “Sustainable Development”. The main events divided the students into 5 groups and were tasked to speak on their given case which was derived from U.N official charts. The cases comprised of Peace, Justice and Institution in India, Life on land, Life under water, Industry, Innovation and Infrastructure & Clean energy. After the cases were read and discussed with the group members, each group were questioned on their declamations by other groups. The groups were evaluated by the judges on the criteria of oratorical skill, creative ideas, and relevancy to the society. The participants gave energetic stances for their case and had executed their case with innovative ideas for sustainable development.

QUIZ CLUB

The quiz club comprises of student members and faculty advisors. The quiz club serves as a touchstone to sharpen young minds by conducting periodical quiz programs during a semester and nurtures leadership and event management skills in the senior students by encouraging them to organize quiz programs for the members of the club. It is a student run club with the senior student members taking turns in being quiz masters in the different quiz programs conducted by the club. The quiz masters use their creativity and skill in planning the rounds for the quiz programs. The different quiz programs hone the young minds and make them technically sound and competent. The quiz club members participate in various quiz competitions held all over Tamilnadu. In short our quiz club inspires and kindles students to observe, reflect and experiment. Students are encouraged and motivated to join in various club activities. As a token of appreciation, Cash prizes are awarded and merit certificates are issued for the winners of the events. In the following years, with The Almighty's blessings and our Chairman never ending support and guidance, our students will shine not only in our institution but in every nook and corner of the world which boasts of our presence – JOSEPHITES.

ROBO CLUB

The St. Joseph's Robotics Club involves the student community who derive pleasure in creating robots that may even be potent to work without human intervention. The Club was created with the purpose of developing interest in the field of robotics among the student community. The Club will provide workspace, tools, and guidance to interested students apart from taking up specific projects. The Club provides an opportunity to participate in national or international level competitions. A robotics club is a gathering of students from the Department of ECE, CSE, EEE, IT & MECHANICAL who are interested in learning about and working with robots.

ELECTRONICS & ROBOTICS CLUB

Electronics club is the student run organization that strives to impart enthusiasm and passion for electronics and allied fields among students of ECE. The club aims to cater to the various needs that are primal to be addressed to keep in pace with the ever-evolving field of electronics. The club aims to uncover those key topics that are not part of the curriculum or just grazed upon by the syllabus. The functions of the electronics club are to deal from basics of electronics to the peak of it. This club, for sure, will help the students not only in their studies but also in their career. The main objectives of our club are to explain the concepts of electronics in a practical way and help them to gain knowledge and also provide a platform for the students to give a shape to their innovative ideas. In order to motivate the student's talent through the Department Club Activity, we have conducted various technical events for ECE Students.

IEEE STUDENT CHAPTER

The Department of Electronics and communication Engineering of St. Joseph's Institute of Technology has started with **IEEE RAS** technical society & **WIE** affinity group in the month of April 2016. In May 2017, **IEEE EMBS**, **BTS** society are inaugurated and followed by **IEEE APS** society inaugurated in the month of May 2018, and the new society **IEEE PS** inaugurated in the Month of September 2019.

In every year student branch raising the number of the society chapter for spreading the latest research among the students in the different streams of topic. The IEEE student branch of St Joseph's Institute of Technology is one of the **2nd largest student branches in IEEE Madras section** for the year 2018. In 2018 its privilege to IEEE EMBS Student chapter for awarding the best regional IEEE EMBS Student Chapter in Asia Pacific. Our IEEE student branch was awarded with a grade of B in 2016 and as the second largest membership in Madras Section with a grade of A in 2019. IEEE Student Chapter is more active with **135 -student members** and **05 professional members**.

The department strives to improve the standards of student members For the benefit of IEEE Student members; the society organizes technical meetings, technical events, and technical seminars, Conferences, Workshops and Faculty Development Programs to empower the knowledge of the students.

“PENMAI ENNUM VALIMAI” – Awareness Program

The IEEE Student Branch of Electronics and Communication Engineering department of St. Joseph's Institute of Technology conducted a live seminar (Awareness Program for Women) for students of **Venugopalapuram Girls High School, Cuddalore on 5th March 2022**. The students of class ninth standard were participated. The main objective of this seminar was to create awareness about the development of women in the society, the opportunities available around every woman and to give the participants an exposure to the various fields in today's technology. Our speakers of Final year students Ms. A.Archana and Ms. R Uvashree were very interactive and spontaneous in sharing their skills.

“BREAK THE BIAS: WOMEN ENTREPRENEURS”

The IEEE Student Branch of Electronics and Communication Engineering department of St. Joseph's Institute of Technology conducted a **live webinar (Awareness Program for Women)** for school students. The webinar was held on **25th of March 2022**. The students of various schools were participated. The main objective of this webinar was to create a awareness about the development of women in the society, the opportunities available around every woman and to give the participants an exposure to the various fields in today's technology.

Indian Society for Technical Education (ISTE) Students Chapter

Indian Society for Technical Education is a professional organization working for the improvement of technical education in the country. It attempts to bring in a total qualitative change in mind of personnel involved as well as techniques employed in the field of technical education. ISTE Students Chapter was inaugurated to make the student community to actively participate in ISTE activities and to provide a common platform for students to exhibit the talent which helps in their career development and to get excellent position in the Society. The ISTE student Chapter is one of the most active student branches in St Joseph's Institute of Technology. The details are

IETE Student Chapter

To establish professional and technical standards in electronics, telecommunications and conduct such tests and / or examination as may be required for this purpose. Keeping in mind the interest of the ECE professional users ISF works towards making the profession an area of choice amongst all sections of the society. St. Joseph's Institute of Technology joined as the Member of Institution of Electronics and Telecommunication Engineers (IETE) Students' Forum (ISF) for the Department of Electronics and Communication Engineering.

Student Branch Coordinator (SBC) : Dr. C.Gnana Kousalya (Professor, ECE)
IETE Faculty Member : 1. Dr. G.Rohini (Professor, ECE)

Total Number of Student Members in ISF – 60 Students

For the benefit of members, the Chapter organizes technical meetings, product presentations, Conferences and Workshops. St. Joseph's Institute of Technology inaugurated IETE Students' Forum (ISF) on January 7th 2015 by **Dr.S.Ramasamy Chairman**, Institution of Electronics and Telecommunication Engineers, Chennai Centre.

We have also conducted various technical events for ECE Student under IETE Students' Forum (ISF) as listed below.

Business English Certificate

The Business English Certificate (BEC), a certification from Cambridge University, ESOL, is a qualification which is specifically in English for work. It is trusted and globally accepted by leading employers, educational institutions and governments worldwide. BEC is a skill based qualification; it gives students the opportunity to learn practical language skills and show to employers how good they are in these skills.

The English learnt is directly relevant to the English that they will use every day in the workplace. To gain a BEC Certificate students have been assessed in the four areas namely, listening, speaking, reading and writing. When students sit for the BEC examination, they are tested in all these skills through a series of practical tasks and interview questions. The tasks and questions are taken from real workplace situations.

BEC certification is given under three levels – preliminary, Vantage and Higher. Every year the diagnostic test is conducted for all the students and they are categorized under the three levels. Based on the levels, Training is given to the students and the BEC examination is conducted by the Cambridge University in our College campus itself.

BEC is relevant and has helped the students to become more competent and confident by improving language proficiency. BEC has developed cross-cultural communication skills and overall development of the students. It has an impact on confidence levels through international certification. The details of the department results are as follows:

VALUE ADDED COURSES

Courses are provided to students with an aim to teach and train in programming skills. The goal is to accelerate the programming capability needed for solving scientific and real time problems demanded by the corporate world. Students have options to choose the courses according to their desire and inclination. It is great boon to our students, in expertise various Value Added Courses which enables them to face the formidable challenges. It is a matter of pride that the courses are taught by the experts from industries using the laboratory facilities available in our institutions to meet the requirements of industry. On successful completion of such value added courses make the students to:

- Accelerate the programming skills
- Carryout innovative projects
- Compete with the fellow students during placement and interview process

BEST OUTGOING STUDENT AWARD

Success is not the destination that we reach. Success is the quality of our journey. Mankind's greatest achievements have come about by constant encouragement. Our greatest hopes could become reality in the future if our efforts are recognized. All we need to do is to appreciate and encourage the young minds as most achievers are people who have made a strong and deep dedication to pursue a particular goal. St. Joseph's recognizes this dedication by awarding the student with "The best Outgoing Student Award".

The students from various departments were nominated based upon various traits, achievements or accomplishments

- Academic Performance indicated by CGPA

College Day and Cultural Competition Results

The college cultural program for the second and third students was celebrated with a one-day mega cultural **Extravaganza**.

A well-blended combination of 10 events, including Quiz, Pattuku Pattu, Creative Writing, and Light Music, was held with the intention of bringing out the innate talents of the students and inculcating team spirit. This initiative helped students improve their self-confidence and expand their abilities beyond their daily routines. The deserving young achievers were awarded a prize money of Rs. 1000, and Rs. 500 for the first, and second places, respectively.
