- To sustain connectivity with industries to get on par with the recent technologies and research.
- To foster career improvement through placements, higher education and entrepreneur skills by continuous training& guidance

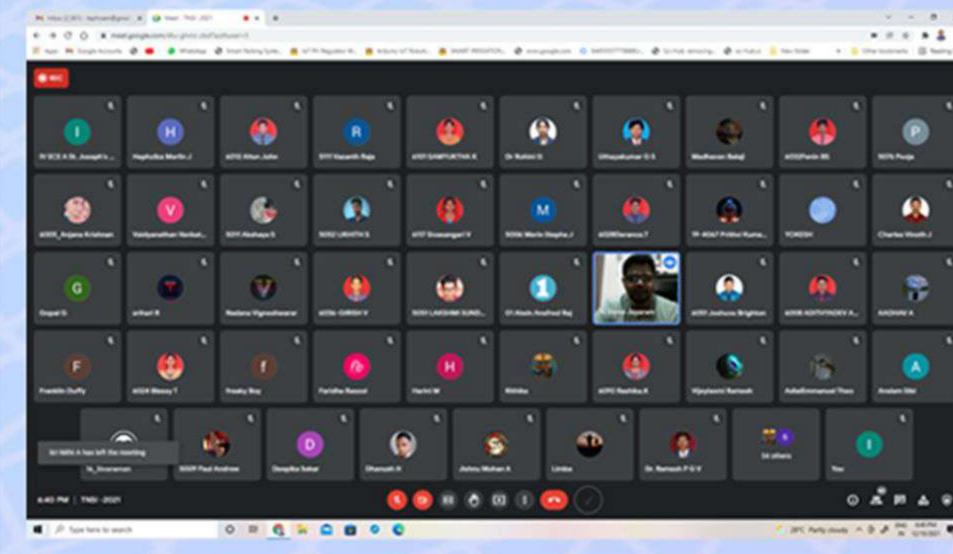

### ERROR BY NIGHT-HACKATHON

The IEEE Student Branch, Electronics and Communication Engineering department of St. Joseph's Institute of Technology conducted a 3-day Virtual Hackathon competition on 27th, 28th and 29th Avgust 2021. Totally 158 teams registered for the event. These registrations were from various institutions and universities in India. The participants had shown great interest and actively participated. The main objective of this virtual hackathon was to create a platform to reveal the participants talents in web designing and their ideas on the healthcare and education sector.

The judges and speakers were very interactive and spontaneous in sharing their skills. They helped the participants widen their thinking and explore the opportunities around the world with a new perspective.

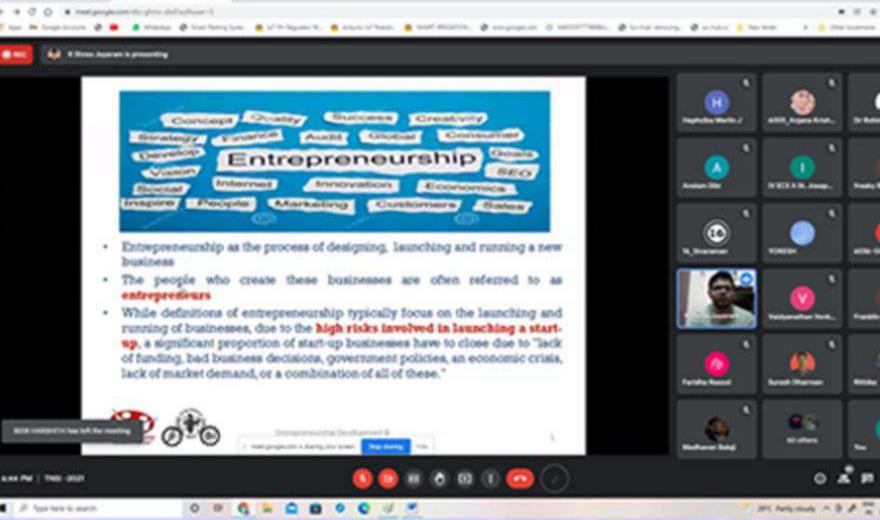

An awarness program on Tamil Nadu Student Innovators Award (TNSI) in association with Entrepreneurship Development and Innovation Institute (EDII-GoTN), Centre For Entrepreneurship Development (CED), Anna University, Chennai was conducted on 10th December 2021. Around 100 students from our college participated in the awareness program. Mr. K. Shree Jayaram, Field Coordinator, IEDP Hub, Anna Universit explained about the purpose of the innovators award with many live examples and benefits of the program. The speaker also motivated the students to participate in these types of programs to improve the entrepreneurial skill and innovation.

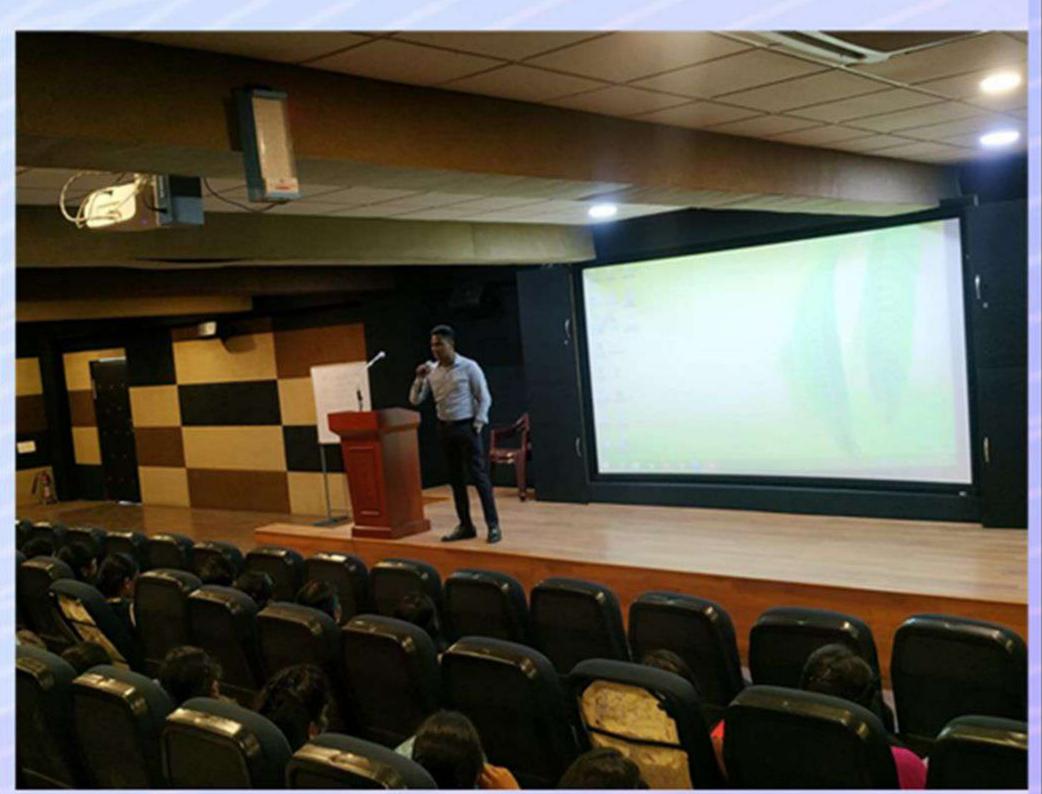

Or. G. Rohini M.E., Ph.D.
