with their colleges, both in terms of personal growth and the continued development of the institution.

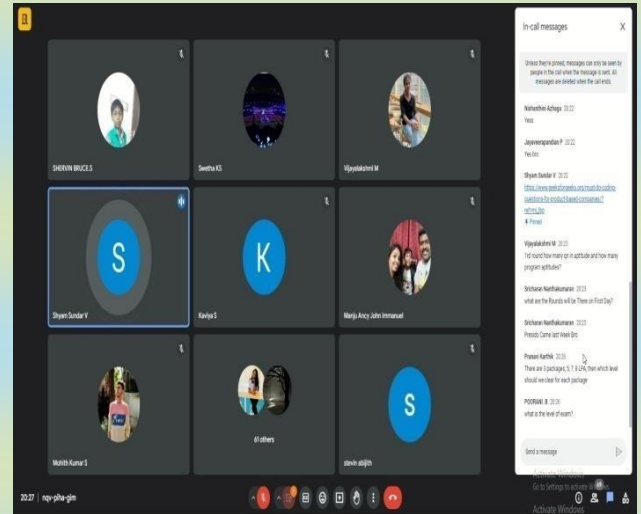

His words served as a inspiring call to action for the students in attendance, encouraging them to consider ways in which they can contribute to the college community even after their own graduation.

PRE-PLACEMENT TALK

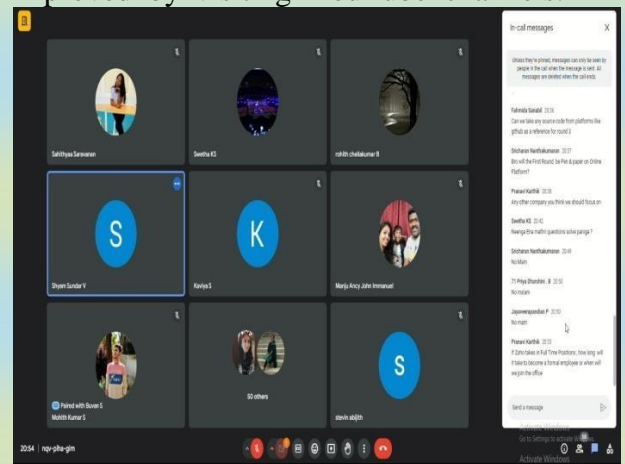

On June 17, 2024, the Department of Information Technology had a “Career Guidance” for Final year students. A total of 95 students attended this outstanding session to get answers to their questions about placements, Interview process, etc.

Mr. Shyam Sundar V (Alumni of IT Dept) being a Alumni Guest to the session, and he is working as a Full Stack Developer in Zoho Corporation, Chennai.

He taught the participants about the degrees offered by renowned IT companies, as well as the significance of the company’s training time (also called as honeymoon period). He also answered students’ questions on employment stability, job change, and pay hike and recommending them to focus on the company’s position rather than the remuneration package for a strong start. Overall, the alumni talk was a resounding success, providing valuable insights and motivation for all who were present.

Mr. Shyam discussed the significance of college placement and stated that finding a job at a company by ourselves is 2-3 times more difficult. He emphasized the need of strong communication skills and advised that they be improved by visiting YouTube channels.

The college community is deeply grateful to Mr. Shyam for sharing his time and wisdom, and looks forward to welcoming more distinguished alumni in the future to share their unique perspectives and experiences.

STUDENT PLACEMENT ACHIEVEMENT

- ❖ As a testament to the academic rigor and career-oriented curriculum of our institution, I am pleased to present this report on the placement outcomes of our recent graduating class. The data compiled reflects the exemplary success of our students in securing gainful employment or admission to prestigious graduate programs upon completion of their undergraduate studies.
- ❖ The placement data presented in this report serves as a resounding affirmation of the excellence of an education. By fostering a culture of academic and professional achievement, the University continues to uphold its reputation as a premier institution that prepares students for long-term success and leadership in their chosen endeavors.

- ❖ Over the past academic year, our college witnessed 47% placement rate among its graduating cohort. This figure underscores the University's steadfast commitment to equipping students with the knowledge, skills, and professional networks necessary to thrive in the modern workforce. Furthermore, the breadth of industries and organizations represented in our placement data serves as a resounding endorsement of the versatility and competitiveness of an education.
- ❖ A closer examination of the placement data reveals that the majority of graduates, approximately 45%, have secured full-time employment within their chosen fields of study. This is a testament to the University's robust career services infrastructure, which provides students with invaluable opportunities for internships, networking events, and personalized career counseling. Moreover, the average starting salary of our graduates exceeds the regional and national benchmarks by 10% and 12% respectively, indicating the substantial value that employers place on the caliber of talent cultivated at our college.
- ❖ Complementing the strong employment outcomes, a significant proportion of our graduates, roughly 8%, have gained acceptance into top-ranked graduate programs both domestically and internationally. This achievement underscores the academic rigor of our curricula and the University's ability to cultivate well-rounded, intellectually curious individuals poised to make meaningful contributions to their respective fields of study.

STUDENT INTERNSHIPS

- ❖ Student internships have become an increasingly integral component of higher education in recent years. These short-term, supervised work experiences provide undergraduate and graduate students with invaluable opportunities to apply their academic knowledge in professional settings.
- ❖ Internships offer myriad benefits for participants, including the chance to develop practical skills, explore potential career paths, build professional networks, and gain a competitive advantage in the job market upon graduation.
- ❖ Through internships, students are able to contextualize their classroom learning, testing theories and concepts in real-world organizational environments. This experiential learning cultivates the critical thinking, problem-solving, and communication abilities that are highly sought after by employers.
- ❖ Additionally, internships afford students the opportunity to determine if a particular industry or job function aligns with their interests and long-term aspirations. The insights gained can inform students' academic and career decision-making processes.
- ❖ Moreover, internships provide an invaluable bridge between the academic and professional spheres. By working alongside experienced professionals, students can expand their professional networks and secure mentorship opportunities. These connections may lead to future job prospects or letters of recommendation – essential assets in an increasingly competitive job market.

The Choice of
Disciplined Toppers

The number one benefit of information technology is that it empowers people to do what they want to do. It lets people be creative. It lets people be productive. It lets people learn things they didn't think they could learn before, and so in a sense it is all about potential.
