“St. Joseph's Institute of Technology is a perfect example of a constantly evolving, appreciative and encouraging learning environment. The department of Information Technology is a team driven by their core principles, "Innovate, Iterate and Inspire". The staff are very knowledgeable and highly encouraging in both academic and extra curricular activities that let us explore opportunities to develop and apply our technical skills through different activities, clubs and competitions. All this topped off with first-class placement training and campus placement opportunities paved the perfect runway for students to take off their career in software development.

DEPARTMENT OF INFORMATION TECHNOLOGY

I must say that St. Joseph's Institute of Technology has laid a strong foundation in shaping my career path. St. Joseph has offered numerous on-campus placement opportunities to students. They provided me an opportunity to kickstart my career at Tata Communications Limited (TCL), Chennai. The IT department has helped me immensely to explore and nurture the required skills to ace in the IT industry. I am a proud Alumni and very thankful for all the support offered by the IT department.

I have been placed at Infosys Limited. I am very thankful to St. Joseph's institute of technology (SJIT) for building this bridge between the students and the industry. The students getting placed in different industries is giving us a great opportunity to build our career further. I thank the placement team for their efforts in making the first steps in our careers a reality.

DEPARTMENT OF INFORMATION TECHNOLOGY

St. Joseph's institute of technology has been a great part in enriching my life with knowledge and values. Our college is the epitome of safety and discipline. What I like about our college is that they give equal importance to morals, extracurricular activities and academics. Our department has the most wonderful faculty members who truly care for their students. Their goal has always been to improve every facets of our life. I was lucky to have them guide me throughout the 4 years of my college life. Our placement department tries to make sure that every student gets placed. The fact that we get placement notifications even after passing out of college just proves that they go the extra mile to provide us with opportunities. They also have a multitude of placement trainings which makes us ready to face the interviews with confidence.

DEPARTMENT OF INFORMATION TECHNOLOGY

It gives me immense pleasure to place on record the wonderful years I had under the auspices of IT department at St. Joseph's institute Of Technology's College life is an important phase in a student's journey after the numerous formative years of schooling. The institution greatly focuses on career enhancements. The professors are dedicated experts in their respective subjects and are extremely committed and genuinely caring. I would always be grateful to the institution for giving us multi-dimensional learning by providing the apt mix of academics and leader-

DEPARTMENT OF INFORMATION TECHNOLOGY

St. Joseph is an extraordinary environment to start your career development. They give an immense amount of training to find what we are capable of accomplishing. Especially the IT department is a warm family. They treat us as their children and feel happy in every achievement we make. I proudly say that my family (the IT department) is the reason where I am standing now. Thank you for all the teaching and non-teaching faculties for a good time

DEPARTMENT OF INFORMATION TECHNOLOGY

St. Joseph's Institute of Technology, with its tagline "We make you shine" made me a unique personality through their sincere efforts of bringing me up. The HOD, faculties and management has worked hard to their potential to fine tune my academics, my personality building, leadership enhancement and as a pillar of support incorporated the discipline in the curriculum which made me dedicated and hard worker throughout the engineering graduation and now as well. I'm indeed grateful to be a part of such a journey and they also helped me to get placed in good product based and service based companies such as Embedur and Mindtree via placement training and soft skills support. I'm very thankful for their constant support and guidance even after graduation who guided me to take masters in computer science engineering as graduation in CEG Anna University

I started my professional life in this campus that has a legacy spanning over many years. Under the esteemed leadership of Dr Babu Manoharan they have been a prominent educational institution in the state. The four years of my engineering was nothing short of a wholesome learning experience - from learning the nitty gritty and evolution of cutting edge technology to building personal networks with faculties and alumni with diversified backgrounds and interests. The college provides ample learning opportunities within and without the classroom, with a positive nod to innovation which is a make/break factor in a person's career. I have personally benefited from the remarkable efficiency of the placement and training cell and Advisory Bureau of Higher Studies. I am indebted to the faculty members for their guidance and support.

DEPARTMENT OF INFORMATION TECHNOLOGY

My journey in St Joseph's has a mixture of both academic and extracurricular activity which was equally balanced. The department of Information Technology has staffs with diverse knowledge on various technological platforms. The practical knowledge that I have acquired through their teachings, have led me to this point in my life. The Placement team makes a tremendous effort on helping every student to step into their next phase with a career in hand. It is because of the continuous trainings and workshops that crafted me to be placed in Infosys. I thank the placement committee and my department for their continuous work for the students.
