*Being a part of the St. Joseph's Institute of Technology has changed my life in a way I cannot put into words. I belong to the Information Technology Department. Our HOD and our staffs gave us the support and guidance we needed to take the necessary steps to begin our career. Furthermore, taking part in Sports, Culturals and Eco-club has helped me develop my interpersonal skills and has helped me in becoming a better team player. In our department, our batch has the placement record of 91% and I'm sure our succeeding batches will only live up to it. Despite of Covid lockdown, programs relating our placements continued, which was really useful for us. Thus, I thank my staffs and my friends for being an important part of this journey and in helping me kick-start a prosperous career ahead.*

**ACCENTURE**

*I'm the proud student of St. Joseph's institute of technology from the Department of Information Technology. I'm an active participant of math club and activities conducted in my club helped me lot in problem solving and analyzing aspects. Our department is well known for its placement record and we have proved it once again. Our department staffs are highly qualified and knowledgeable. Even during tough times of covid we had our placement trainings active. With help of our staffs each and every one of us were able to get our placements offers. I'm very much thankful to my staffs and mentors for guiding me in these four years and helping me to be out with flying colors.*

*It was my immense pleasure and fortune to be the part of St. Joseph's Institute of Technology where I can grow. I'm from Information Technology department where the entire faculty and department leaves no stone unturned to shape one's future , all the department faculties are very friendly and motivate students in academics, placements as well as co-curricular activities. Department has attained the maximum placement records of 91% this year, I was a part of Maths club and the college Orchestra. During the covid lockdown , the placement programs enhanced my preparations , and also our department staffs helped us in every possible way to pursue a successful career ahead. My four years at SJIT have been a wonderful experience of learning with prolific exposure to outside. Huge respect, love for entire faculty members and department. It is their efforts that make me to count myself into better professionals.*
