Online Mode : Screen Shots of Various Events

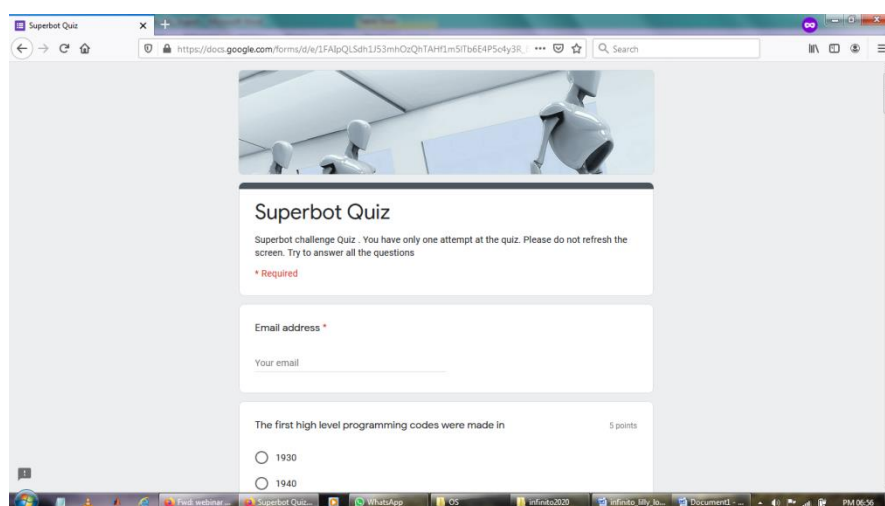

Codefest:

This event was conducted to test the coding skill of the participants. 94 students were participated in this event and solved many levels. Hacker Rank web site was used to hack the coding with various levels. Students knew a lot about the how to Find the error and execute the given coding.

Superbot Quiz :

This is an online quiz event on generations of computer and components used in various generations. 107 students were participated. There were 20 multiple choice questions and the total time allotted was 40 minutes, questions were from the basics of computer science. Although the online quiz was for the school students, the questions were standard and all the students did their level best to score above 40% only then they were awarded certificates. Students from all over the state participated and proved themselves.

Design Wars :

This event was an webpage designing competition where 87 students participated. 5 topics were given like Book Store website, School/College website, Restaurant website, Movie rating website and State tourism website. Submissions were evaluated based on the available demo and the images submitted. The web designs were judged together with its content and appropriate for the audience. Students knew a lot about the web designing and used tools like WebFlow, Adobe Dreamweaver, Sketch, Blue Voda etc, with all these tools everything viewed like real-time websites. They used superb templates to create website and it looked really professional. It doesn't look generic at all. Many students created many websites but still each one was unique.

The screenshot shows a Google Form titled "Design Wars Topic - Restaurant Website". The form is set against a light purple background. At the top, it says "The name and photo associated with your Google account will be recorded when you upload files and submit this form. Not logeshgd@gmail.com? [Switch account](#)". Below this, there are three required text input fields: "Email address", "Name", and "School". Each field has a red asterisk indicating it is required. The form is displayed in a web browser window with the URL "https://docs.google.com/forms/d/e/1FAIpQLScQhdb5vN1yNKKPmTRDhndfBYim_Gr2E1...". The browser's taskbar at the bottom shows various open applications like "Tech webinar...", "Design Wars T...", "WhatsApp", "OS", "Infinito2020", "Infinito_My_L...", and "Document...". The system clock shows "PM 06:58".

Cyberspace Shotgun :

This is a online quiz event in the basics of cyber security were 103 students participated. There were 30 multiple choice questions and the total time allotted was 40 minutes, questions were from the basics of cyber security. Although the online quiz was for the school students, the questions were standard and all the students did their level best to score above 40% only then they were awarded certificates. Students from all over the state participated and proved themselves.

The screenshot shows a Google Form titled "Cyberspace Shotgun". The form is set against a light green background. At the top, it says "This quiz contains 30 questions. You have only one attempt at the quiz. Please do not refresh the screen. Try to answer all the questions". Below this, there are three required text input fields: "Email address", "Full Name", and "School". Each field has a red asterisk indicating it is required. The form is displayed in a web browser window with the URL "https://docs.google.com/forms/d/e/1FAIpQLScq3wHMMNLY9e7Chp1ECxMgE1tUjH...". The browser's taskbar at the bottom shows various open applications like "Cyberspace Shotgun...", "WhatsApp", and "OS". The system clock shows "PM 06:52".
